Appy Mundays - Big Beat Entertainment

This band is more than just a tribute band, it's an event, full of seriously feel good. Seriously one of the best bands out there at the moment... don't believe me? See for yourself!

If you are thinking of a Britpop night or festival, you definitely need this band in your line up. Nothing sums up the crazy 90's better than this fun, authentic and professional group. From their arrival on stage and opening song, you can see this is a tribute that has a genuine affinity with and love for, the original.

Appy Mundays have gone from strength to strength and have come into their own playing a lot of gigs across the UK, including music festivals where they have gone down a storm. So whether it's Bez, Rowetta or Shaun Ryder that hits the spot, very good tributes to all three are found in this band. So bring the spirit of the 90's to your event and leave you audience excited and above all, glad they came.
